

RONALD H. ROBERTS TEMECULA PUBLIC LIBRARY

# Mad Science: Teen Makerspace

Monday, August 28<sup>th</sup>

7:00 PM – 8:30 PM

Limit 40 Participants • Grades 7 – 12

Become a mad scientist when you join the library's popup makerspace. Build a wiggle bot that will dance as it draws, engineer a motorized bug that will be creepy crawly, generate electricity when you design a one-of-the-kind wind turbine, or design some other cool creation. Be a maker and harness the power of S.T.E.M.

**Advance registration begins at the library reception desk two weeks prior to scheduled programs and events.**

Space is limited. Carpooling is encouraged. Program dates & times subject to change.
